SKILLS

- **Languages:** JavaScript, C++, Python, Java
- **Data Structures & Algorithms:** Arrays, Strings, Linked Lists, Stacks, Queues, Trees
- **Frontend:** React.js, Tailwind CSS, Framer Motion, EJS
- **Backend:** Node.js, REST APIs, Express.js, MongoDB, Next.js
- **Tools:** Git/GitHub, Postman

EDUCATION

University of Visvesvaraya College of Engineering(UVCE)

B.Tech in Artificial Intelligence and Machine Learning

Bengaluru, India

8.7 CGPA

2024-2028

PROJECTS

ARISE - A platform for preserving endangered artistic heritage

[LIVE](#)

- Built a full-stack cultural commerce platform to showcase and sell near-extinct Indian art forms.
- Implemented map-based art exploration, story feeds, and detailed artwork pages with artist attribution.
- Designed an export-compliance dashboard to help artists validate documents and prepare artworks for global trade.

PromptPilot - AI Prompt Optimization Platform

[LIVE](#)

- Developed a full-stack AI platform using React, Node.js, Express, and MongoDB to optimize prompts through structured prompt engineering.
- Integrated Gemini AI APIs to analyze prompts, detect missing context, and generate refined prompts using an interactive multi-step interview flow.
- Built secure JWT authentication, prompt history management, and a responsive UI for seamless prompt creation and iteration.

BlogNest - Fullstack blogging platform

[LIVE](#)

- Built a full-stack blogging platform where users can create, edit, publish, and manage blog posts with secure authentication.
- Implemented JWT-based authentication, role-based access, image uploads, comments, reactions and responsive UI for a better user experience.
- Developed features like search, categories, comments, likes, and dedicated profile pages to draft, save, post and delete blogs.

ACHIEVEMENTS

- **1st Runners-up** at CodeFury 8.0 (IEEE UVCE), competing against 600+ teams.
- **97.8 percentile** in JEE Mains 2024 (among 1.4M+ candidates).
- **Top 2% rank** in KCET 2024 (among 350K+ candidates).
- Participated in Qualcomm Edge AI Hackathon(2025) and MumbaiHacks(2025), building end-to-end tech solutions under competitive timelines.
